NECESSITY, FUNCTION, AND CONFORMITY: As in any other business, it is necessary that the distillers and wholesalers of alcoholic beverages be allowed to provide samples of their products to their retailers. Section 1. (1) Any bottle of distilled spirits or wine used as a sample shall be so marked by affixing across the label a sticker, not readily removable, stating, "Sample - Not for Sale, (distiller's, rectifier's, winery's or wholesaler's name)."

(2) No representative of a distiller, rectifier, winery, or wholesaler shall have in his possession more than thirty-two (32) ounces of any brand, or more than a total of three (3) wine gallons of distilled spirits and wine of all brands at any time.

(3) A distiller's, rectifier's, winery's or importer's representative shall obtain all samples from a wholesaler who has been designated. (ABC 7:10; 1 Ky.R. 840; eff. 5-14-1975; TAm. eff. 4-30-2013.)
